

Junior / Intermediate Interior Designer

1080 is a talented and diverse team of designers, thinkers, scientists, project managers, diplomatic geniuses, poets and dog lovers. By trade we are Architects, Interior Designers, Technologists and Planners, but at heart we are builders of communities who collaborate with people and businesses to plan, design and build great spaces. We believe in design and its power to transform – quite simply we know that design can change the world one detail, one room and one building at a time and we thrive on the continuous growth this mission brings us.

If you are looking to collaborate, innovate and design, and are striving for excellence and continuous improvement we'd love to talk to you!

Your Role

1080 is seeking a junior to intermediate Interior Designer who is a flexible, positive, team-oriented individual with creative problem-solving skills and an eagerness to learn, grow and assist with bringing design projects to life.

What You Will Do

- Collaborate on interiors projects, including programming client needs, conceptual design, schematic design and design development
- Develop space planning concepts and generate program documents
- Participate in selection of furniture systems and specifications
- Provide project team coordination for the finished plans, specifications, and material selections required for construction
- Work with consultants, contractors, fabricators, specification writers, and regulatory agencies to meet overall project objectives
- Participate in the construction administration of projects and review of submittals and finish samples
- Assist in managing client expectations, team communication and consultant coordination
- Contribute to office activities, initiatives, and learning programs

Your Qualifications

- Bachelor's Degree in Interior Design from a CIDA accredited institution
- Working towards or have obtained NCIDQ certification
- 1 to 5 years of related experience in an interior design role delivering interior design projects
- Knowledge of the design process, including FF&E, furniture systems and specifications, color and materials
- Outstanding graphic presentation skills
- Flexibility to focus on a single client with a variety of project types or multiple projects in various stages of development
- Ability to communicate design ideas and direction quickly
- Strong organizational, communication and relationship management skills
- Experience using Revit
- Knowledge of Photoshop, Illustrator, InDesign and SketchUP
- Self motivated with a desire to learn and grow with a dynamic firm

1080 +

Along with working with a fun, dynamic and close-knit team, 1080 offers a fast-paced working environment that includes work life balance, competitive salary, generous benefits package, tuition reimbursement, team building and more.

We invite candidates to apply who are natural leaders and have excellent communication and management skills. If you're looking for a new role in a growing design firm, we'd love to connect with you to discuss this exciting opportunity.
